

Blackout Curtains

269 Wellington Road, Unit 1
Handsworth, Birmingham B20 2QQ
United Kingdom

Ideal window dressing for the home decoration, especially for Christmas, Thanksgiving Day. Multiple colours for you to choose, suitable for a different style. The window curtains protect your privacy when you stay in a space with windows. It will not happen that you are taking photos of others. You could enjoy yourself indoor., you will feel warmer in winter and cooler in summer. It effects on saving energy and reducing cost. As the labour result shows, the curtains can reduce 10-15% noise. You won't bear the neighbour's sound and car whistle. It is really good for sleep, especially for babies. Ready Made Blackout Curtains- Package includes 2 pieces, each measures 66" wide by 72" drop, the depth measures from the top of the eyelet. For proper fullness, panels should measure 1.5-2.6 times the width of the curtain pole. Top Eyelet - 10 silver chromes (inner diameter is 1.6 inch) make the blackout curtain panels ready to use, universal fit most of the curtain poles which diameter up to 1.5". Easy to put up and slide. Great Effect - Block out

85-95% sunlight and UV rays (Dark colour works better) with no lining thanks to the triple weave technology. Light shade & noise reducing for privacy and undisturbed sleep. Energy Smart - The thermal property help to retain the warmth in winter and keep the room cool in the summer. Fade-resistant material protects your indoor furniture from direct exposure to the sun. Easy Care - 100% polyester. Same material and colour back as the front. Machine washable under 30 degrees. Feel free about contacting us if you have any other questions.
